

PATROL BOX INVENTORY LIST – The Grub Master will review the contents of the Patrol Box after each campout and certify that all items are present. All items in the Patrol Box along with the box should be taken home by the Grub Master and thoroughly cleaned. The Patrol Box should be returned the first meeting after the camping trip along with any requests to replace equipment. If items are broken or missing, the Grub Master will advise his Patrol Leader. The Patrol Leader will complete an Equipment Replacement Form and submit it to the Quartermaster. The Patrol Leader is responsible for the final inspection of the Patrol Box before it is returned to the Quartermaster.

Patrol Name: _____ **Box Color:** _____
